2025-2026 NCSA Division I RULES & REGULATIONS

NOTE: The National Club Softball Association follows the [NCAA Division 1](#) rules of play with the following exceptions listed below.

- 1.00.00 (Conference Play)
 - 1.01.0 All NCSA conference play will be broken up into 3-game series.
 - 1.02.0 NCSA teams in conferences made up of three or fewer teams will play both a home 3-game series and an away 3-game series against each conference opponent during a single NCSA season.
 - 1.02.1 An exception is if a visiting team forfeits an entire away conference series without traveling to the opponent, then the following season the team that failed to make the away trip will once again be scheduled away against that particular conference opponent even if that means they must travel to them twice in a season.
 - 1.02.1.1 Once the forfeiting team has traveled to the opponent in which they had forfeited to, the conference schedule will return to its original rotation.
 - 1.02.1.2 Example: If in 2025 Team A is scheduled to play 3 games at Team B and Team B is scheduled to play 3 games at Team A but Team A forfeits the entire 3 game series and fails to make the trip to Team B, then in 2026, Team A will be scheduled to play both 3 game series at Team B. Should Team A actually travel to Team B for their conference series in 2026, then in 2027 the conference schedule would return to the original rotation with Team A once again being scheduled to play 3 games at Team B and Team B playing 3 games at Team A.
 - 1.03.0 NCSA teams in conferences made up of four or more teams will play either a home 3-game series or an away 3-game series (but not both) against each conference opponent during a single NCSA season.
 - 1.03.1 NCSA teams in conferences made up of four or more teams will alternate their home and away 3-game series with each conference opponent from one NCSA season to the next.
 - 1.03.2 Example: If Virginia Tech plays a 3-game series at James Madison during the 2024 NCSA season, James Madison will play a 3-game series at Virginia Tech during the 2025 NCSA season.
 - 1.03.2.1 An exception is if a visiting team forfeits an entire away conference series without traveling to the opponent, then the following season the team that failed to make the away trip will once again be scheduled away against that particular conference opponent.
 - 1.03.2.1.1 Once the forfeiting team has traveled to the opponent in which they had forfeited to, the conference schedule will return to its original rotation.
 - 1.03.2.1.2 Example: If in 2025 Team A is scheduled to play at Team B but forfeits the entire series and fails to make the trip to Team B, then in 2026, Team A will once again be scheduled to play at Team B. Should Team A actually travel to Team B for their conference

series in 2026, then in 2027 the conference schedule would return to the original rotation with Team A once again being scheduled to play at Team B and Team B playing at Team A in 2028.

- 1.04.0 In the event that the home team has yet to notify their opponent by 4:00pm local time of the MONDAY the week of playing, the visiting team MUST notify the NCSA Front Office so they can step in to facilitate the necessary communication of game details.
- 1.04.1 Should the NCSA not be able to facilitate game details by 4:00pm local time on the TUESDAY the week of playing, due to lack of communication from the home team or the home team's failure to secure a field, the visiting team may protest the games for failure to secure fields.
- 1.05.0 All NCSA teams are welcome and encouraged to supplement their conference schedule with non-conference games against: NCSA Member Club Softball Teams, Non-NCSA Collegiate Club Softball Teams, and any other Collegiate Softball Team.
- 1.06.0 Rain Outs/Weather Postponement
- 1.06.1 In the event that an NCSA conference game(s) would be rained out and/or postponed due to weather, the teams have until midnight Thursday of the week following the week that the game(s) were originally scheduled to be played to mutually agree upon a make-up date and submit it to their Regional Director for approval.
- 1.06.2 Should the teams fail to mutually agree upon the make-up date, the Regional Director will officially set the make-up date at his/her discretion.
- 2.00.00 (Determining Conference Standing)
- 2.01.0 For a team to be eligible to win their conference, the total number of conference games they played must equal or exceed 75% of the average number of conference games played by all teams in their conference including forfeits.
- 2.02.0 The first criterion for determining conference standing is conference-winning percentage.
- 2.03.0 The first tiebreaker for determining conference standing is conference game head to head results.

- 3.03.1 On occasion the opportunity arises for one or more teams that do not place first in their conference to be selected as an At-Large Bid.

10.01.1 See <http://www.teamusa.org/usa-softball/play-usa-softball/certified-usa-softball-equipment> for the most up to date ASA/USA non-approved bat list.

12.00.00 (Pitching)

The complete set of NCAA Rules and specifically pitching rules can be referenced by clicking the link listed on page 2 of this document or by clicking [HERE](#).

12.01.1 Pitching Position Required for a Legal Pitch

12.01.1.1 The pitcher is considered to be in the pitching position when they have:

12.01.1.1.1 a. Their hands apart;

- 12.01.1.1.2 b. Both feet on the ground;
- 12.01.1.1.3 c. Their pivot foot in contact with the pitcher's plate and within the 24-inch length of the pitcher's plate;
- 12.01.1.1.4 d. Their stride foot in contact with the pitcher's plate or its backward extension, provided their entire foot is not outside the width of the pitcher's plate;
- 12.01.1.1.5 e. Their hips in line with first and third bases; and
- 12.01.1.1.6 f. The catcher in position to receive the pitch.
- 12.01.1.2 In distinguishing the pitcher's feet:
 - 12.01.1.2.1 The pivot foot is the one that maintains contact with the pitcher's plate, absorbs the body's weight, pushes off against the plate during the initial step phase of the pitch, and drags along the ground or disengages from the playing surface during the final phase of the pitch.
 - 12.01.1.2.2 The stride foot is the one that starts on or behind the pitcher's plate and extends forward toward home plate as the pitcher steps to deliver the pitch to the batter. The stride foot must land on or within the lines of the pitcher's lane.
- 12.01.1.3 The pitcher may not take the pitching position on the pitcher's plate without being in possession of the ball, and they may not simulate the pitching position with or without the ball when near the pitcher's plate.
- 12.01.1.4 EFFECT—(12.01.1.1 to 12.01.1.3)—Delayed dead ball is signaled and illegal pitch enforced. (See Rule 12.01.8)
- 12.01.2 Taking the Signal
 - 12.01.2.1 Before starting a pitch, the pitcher must comply with the following:
 - 12.01.2.1.1 Be in the proper pitching position required for a legal pitch (see Rule 12.01.1.1).
 - 12.01.2.1.2 The stride foot may be on or behind the pitcher's plate as far back as desired. Once the pitcher initially sets the toe of their stride foot, they may not move that foot in any direction prior to the step/stride and delivery.
 - 12.01.2.1.3 Hands must be separated.
 - 12.01.2.1.4 The ball must be held and remain in one hand, either bare or gloved, in front of, at the side of or behind the body.
 - 12.01.2.1.4.1 Notes:
 - 12.01.2.1.4.1.1 Rolling (not tossing) the ball is legal as long as contact is maintained with the hand (including the wrist).
 - 12.01.2.1.4.1.2 A ball dropped by the pitcher before their hands have come together and then separated shall be live and the base runner(s) may advance with liability to be put out
 - 12.01.2.2 While in the pitching position and taking the signal, the pitcher must give, take or appear to take a signal. The signal need not come from the catcher. EFFECT—(12.01.2.1 and 12.01.2.2)—Delayed dead ball is signaled and illegal pitch enforced. (See Rule 12.01.8)
 - 12.01.2.3 After receiving the signal, the pitcher's hands must come together in view of the plate umpire for not more than five seconds.

12.01.2.3.1 Note: The hands do not have to come to a complete stop and, therefore, may be moving during the touch.

12.01.2.3.2 EFFECT—The ball is dead and a ball is awarded to the batter if the hands come together for more than five seconds. Delayed dead ball is signaled and illegal pitch enforced if the pitcher does not bring their hands together at all. (See Rule 12.01.8)

12.01.3 Start of the Pitch

12.01.3.1 The pitch officially begins and cannot be discontinued once the hands have separated after coming together. The pitching motion consists of the start of the pitch, windup, step/stride and delivery.

12.01.4 The Windup

12.01.4.1 The windup phase of the pitch begins when the hands come together and ends when the hands separate. The pitcher may use any windup desired providing they do not, after having taken the signal and bringing their hands together:

12.01.4.1.1 Make any motion to pitch without immediately delivering the ball to the batter.

12.01.4.1.2 Separate their hands and then return the ball to both hands.

12.01.4.1.3 Stop and change direction more than twice.

12.01.4.1.3.1 EFFECT—(12.01.4.1.1 to 12.01.4.1.4)—Delayed dead ball is signaled and illegal pitch enforced. (See Rule 12.01.8)

12.01.5 Step/Stride

12.01.5.1 The pitcher must take only one step/stride forward toward home plate as they deliver the pitch.

12.01.5.2 A portion of the stride foot must remain in contact with the ground at all times before beginning the forward step.

12.01.5.2.1 Note: Once the pitcher has established their stride foot, simply dropping or rocking onto their heel is not a violation.

12.01.5.3 It is legal to slide the pivot foot forward or across the pitcher's plate provided contact with the pitcher's plate is maintained.

12.01.5.3.1 Exception: Physical contact with the pitcher's plate may be lost if all of the following apply:

12.01.5.3.1.1 The pivot foot is in contact with the pitcher's plate when the pitcher turns, twists or bends their pivot foot;

12.01.5.3.1.2 If the pivot foot has not reduced the distance to home plate; and

12.01.5.3.1.3 The pivot foot must remain in contact with the ground; however, rocking onto either the toe or heel is allowed.

12.01.5.4 While pushing off from the pitcher's plate, both feet may disengage from the playing surface as long as they remain within the 24-inch width of the pitcher's plate and do not create a replant of the pivot resulting in the pitcher being farther away from the pitcher's plate. Pushing off with the pivot foot from a place other than the pitcher's plate resulting in the non-pivot foot becoming closer to home plate is illegal.

12.01.5.5 The pitcher is not allowed to hop or drag to a replant (crowhop), gain a second starting point and push off their pivot foot. Once having lost contact with the pitcher's plate, the pivot foot may trail on the ground but may not bear weight again until the pitch is released.

12.01.5.5.1 EFFECT—(12.01.5.1 to 12.01.5.5)—Delayed dead ball is signaled and illegal pitch is enforced. (See Rule 12.01.8)

12.01.6 Delivery

12.01.6.1 The delivery phase of the pitch begins when the hands separate and ends with release of the pitch. In delivering the ball to the batter, the pitcher must comply with the following:

12.01.6.1.1 Once the hands have separated and the pitching arm begins the clockwise motion that will result in the release of the pitch, not more than 1½ revolutions of the pitching arm may occur.

12.01.6.1.2 The pitcher's step/stride to the batter must be continuous.

12.01.6.1.3 The pitch shall be released underhand and the hand shall travel below the hip.

12.01.6.1.4 The release of the pitch and follow-through of the hand and wrist must be forward.

12.01.6.1.5 The pitcher may not make another arm revolution after releasing the ball.

12.01.6.1.5.1 EFFECT—(12.01.6.1.1 to 12.01.6.1.5)—Delayed dead ball is signaled and illegal pitch is enforced. (See Rule 12.01.8)

12.01.7 Ball Dropped During Pitch

12.01.7.1 The effect for a pitch dropped during its delivery varies based on when it happens.

12.01.7.1.1 When the pitcher drops the ball before their hands have come together and then separated.

12.01.7.1.1.1 EFFECT—The ball is live. There is no penalty. The base runner(s) may advance with liability to be put out.

12.01.7.1.2 When the ball accidentally slips from the pitcher's hand during the act of delivering the pitch.

12.01.7.1.2.1 EFFECT—If the batter does not have a reasonable opportunity to hit the pitch, a defensive player may retrieve it, the ball is live, a ball is awarded to the batter, and the base runner(s) may advance with liability to be put out. If the batter would have had a reasonable opportunity to hit the pitch but the defensive player retrieves it, obstruction is ruled, the ball is dead and the batter and all other base runners are awarded one base (whether forced or not).

12.01.7.1.3 The pitcher shall not deliberately drop, roll or bounce the ball in order to prevent the batter from hitting the pitch.

12.01.7.1.3.1 EFFECT—Delayed dead ball is signaled and illegal pitch is enforced. (See Rule 12.01.8)

12.01.8 Illegal Pitch

12.01.8.1 An illegal pitch is a pitch that violates the pitching rules or is an effect for a rule violation. When an illegal pitch occurs, it shall be called immediately by the plate or base umpire.

12.01.8.1.1 EFFECT—If the pitch is released, the umpire calls "Illegal" loud enough for nearby players to hear. If an illegal pitch occurs but the pitch is not released, it is a dead ball. Failure of players to hear the call shall not void the call. Simultaneously, the umpire gives the delayed dead-ball signal and waits to suspend play until the non-

contacted pitch has reached the plate, or the play has been completed. Assuming no other violation has occurred (for example, leaving early):

- 12.01.8.1.2 (1) If the batter does not reach first base safely or if any runner fails to advance at least one base, the coach of the offensive team may choose the result of the play or the standard effect for an illegal pitch, which is that a ball is awarded to the batter.
- 12.01.8.1.3 (2) If the batter reaches first base safely and each other base runner advances at least one base, the play stands, and the illegal pitch is canceled. Once a runner has passed a base, they are considered to have reached the base, even if they missed it.
- 12.01.8.1.4 (3) If the batter is hit by an illegal pitch not swung at, the batter is awarded first base, and other base runners advance one base, only if forced.
- 12.01.8.1.5 (4) If ball four is an illegal pitch, the batter is awarded first base, and other base runners advance one base, only if forced.
- 12.01.8.1.5.1 Note: The umpire who called the illegal pitch shall explain the violation to both the pitcher and their coach, if requested.
